

Sponsor A Horse Program

There are those that really want a horse but just can't manage it for one reason or another but still want to be part of a horse's life and their care.

We understand that there are many people that would like to adopt a horse but busy schedules, obligations or perhaps a lack of horse knowledge would prevent them from adopting a horse.

Being part of Open Gates' sponsorship program is a way for you to help make a difference.

Many horses we rescue require special feed, extensive farrier, dental work and medical attention. Some horses are hard to place and will be with us for several months, if not their whole life.

With the extra help, we may continue to rescue other equines from slaughter, abuse, neglect and various other circumstances when needed.

Please Consider Sponsoring a Horse

We need both Individual and Corporate sponsors. If you can't sponsor a horse alone, consider a group sponsorship with friends, family members or even co-workers.

A donation of \$50.00 per month or more entitles you to a picture of the horse you will be supporting, and a monthly report on his or her status.

Sponsoring a horse can make such a difference, not just for the horse you sponsor but for all the other horses we can help due to sponsors like you!

As with all donations to our rescue, your sponsorship may also be tax deductible.
